I'm pleased with the layout and content. Each chapter has a reading based on a theme. There are pre-reading, skimming, and paraphrasing exercises, sections for dictionary using skills, word forms, short essay questions, a quiz, and more. It's an appropriate level for my class, and we will get a lot of use out of the exercises. It arrived quickly from the seller and in great condition.0 of 0 people found the following review helpful.
